

Mesirow Financial

Contact: Curt Vondrasek, *Vice President of Business Development*

Website: www.mesirowfinancial.com

Position Title: Summer Internship

Description:

Each summer Mesirow Financial hosts a nine week College Internship Program in our downtown Chicago offices. Generally, students who are recruited into the program are entering their junior or senior year of undergraduate studies and have a Business related major.

Our program, which runs June - August, consists of research projects and general work responsibilities assigned within a department, community service and educational seminars. Interns are expected to participate in all of the planned activities. Therefore, students with scheduled vacations or those attending summer school part-time during the day will not qualify for the program, as they will not be able to participate in each of the scheduled events.

To apply, students may send a cover letter and resume to the College Internship Committee (collegeinternprogram@mesirowfinancial.com). The cover letter should indicate how the applicant was referred to our program, so that we may follow-up with both the applicant and referral source.

Resumes for consideration should be sent no later than February 3, 2012. Because of the overwhelming number of applicants each year, we will not be able to accept all candidates who are referred to the program, or anyone who sends their resume after our deadline.

After all resumes are received, the committee will begin its process of choosing participants for the program. If you have referred a candidate, please make sure they are aware of our timeline, since communications to the applicants will be sent only after we have completed the selection process (the beginning of March).

We appreciate your consideration and participation in this very worthwhile program at Mesirow Financial.
