**Position Title:** District Sales Manager

---

**Opportunity Location:** Various nationwide locations

**About the DSM Training Program:**

The DSM Training Program is a combination of field training and classroom training over approximately 43 weeks. During this 43-week period, the newly hired DSMs will spend a significant amount of time in an assigned training branch, experiencing field focused training and will also spend time at our Corporate Office in Erie, PA, for classroom instruction (going back and forth as the training schedule dictates). After the completion of the DSM Training Program, our DSMs will be assigned to an ERIE Branch and must be willing to relocate to the assigned territory within the ERIE footprint.

**Requirements:**

Qualified candidates will have a Bachelor's degree or equivalent of four years of sales, underwriting or marketing experience and will be willing to participate and complete the ERIE DSM Training Program. Successful completion of at least one part of the IIA Program in General Insurance or equivalent designation is preferred. Experience interacting with Agents or the public is also strongly preferred. Valid driver's license and good driving record required.
